

Dear Patrons,

First and foremost, we hope that you and your loved ones are safe and healthy. We have received questions from the community about if and how COVID-19 will change the way we operate our venue. After careful consideration, I am excited to let you know that we plan to open while following CDC guidance to protect our swimmers, staff, and our community.

The health and safety of our swimmers, staff, and other patrons remains our highest priority. Below you will find a summary of actions we are taking to help ensure we are lowering COVID-19 risk as much as possible while also allowing our swimmers and patrons to enjoy the water.

We are:

Promoting healthy hygiene practices, by: encouraging all staff, patrons, and swimmers to stay home if they are unwell, wash their hands frequently, cover coughs and sneezes. Wearing cloth face coverings when in close contact with patrons.

- Cloth face coverings should not be placed on children younger than 2 years of age, anyone who has trouble breathing, or is unconscious, incapacitated, or otherwise unable to remove the cover without assistance.
- Screening each patron as they enter pool. (Questionnaire/Temperature)
- Testing chlorine levels at least twice per day (hourly when in heavy use). Treat and shock the pool on a weekly basis.
- Increasing cleaning, disinfection, and ventilation within our facilities by: cleaning and disinfecting frequently touched surfaces, such as handrails, slides, structures for play and climbing, lounge chairs, pool noodles, and door handles. We are also encouraging handwashing, having adequate soap, hand sanitizer, paper towels and no-touch trash cans. We are opening windows and doors in indoor spaces, making sure that we have safe and correct use and storage of disinfectants.
- Encouraging social distancing when possible by: changing deck layouts to ensure patrons can remain 6 feet apart in standing and seating areas, limiting large groups by no more than 50% capacity of the pool area.
- Discouraging sharing of equipment, such as pool noodles, kick boards, chairs and tables, towels, goggles, snorkels.

If you have a specific question about this plan or COVID-19, please ask Pool Staff for more information. We look forward to seeing you. Now, let's dive in and have fun!

Thank you, and stay healthy,

Yvette Garcia
Pool Manager
